< WORK EXPERIENCE >

JP MORGAN CHASE & CO | DATA SCIENCE INTERN

June 2022 – present | Glasgow, United Kingdom

- I analysed and visualised data from the company's data servers to determine the system's performance.
- I was in charge of cleansing the data and extracting value from the company's infinite logs.
- I was exposed to many graphing, and programming tools, as well as software helping in managing big data.

INTELLIGENT VOICE | DATA SEARCHER

April 2021 – October 2021 | remote, United Kingdom

- I collected data in different languages (e.g. Polish, Norwegian) in order to train voice recognition models.
- I made sure the used data is clean, correct, and updated.

ITM CODE | SOFTWARE ENGINEERING INTERN

May 2019 - July 2019 | Kielce, Poland

- I modified existing software to correct coding errors and improve overall performance.
- I participated in meetings and consultations to collect clients' requirements and ensure project quality.
- I designed and co-created the company's representative page using .NET framework tools.
